

27 May 2021

Dear Parent/Carer,

CONTACT OF CONFIRMED CASE OF COVID-19 (YEAR 9)

Our COVID-secure strategy includes working with NHS Wales Test, Trace, Protect (TTP) to track everyone who has been in contact with a person who has tested positive for COVID-19 (Coronavirus).

Your Year 9 child has been identified as a contact of a confirmed case of COVID-19 and will now need to self-isolate until FRIDAY 4 JUNE 2021. This period has been calculated from their date of last potential contact with the confirmed case. By identifying contacts and asking them to self-isolate, we will reduce the possible spread of COVID-19 from those contacts to their family, friends and the wider community. **Your child can return to school on Wednesday 9 June 2021 (we will have two INSET days) if they do not have any COVID-related symptoms.**

Self-isolation advice requires your child to stay at home, not to go outdoors to exercise, visit shops, family or friends, or other public spaces. Please do not invite people to your house. Further information on self-isolation can be found in the link at the bottom of this letter.

If your child remains well, then the other members of your household DO NOT need to isolate and can continue with their normal activities. If your child is still well at the end of the period of self-isolation, they can return to their usual activities.

To reduce the risk of COVID-19 spreading, there are things that everyone in your family can do to help. These include:

- washing hands with soap and water often – do this for at least 20 seconds;
- using hand sanitiser gel if soap and water are not available;
- washing hands as soon as they get home;
- covering their mouth and nose with a tissue or sleeve (not their hands) when they cough or sneeze; and
- putting used tissues in the bin immediately and washing hands afterwards.

Please be alert for symptoms of COVID-19 in your child, which are:

- A new or continuous cough;
- A high temperature; and/or
- A loss of or change to sense of smell or taste.

[Continued]

If your child develops any of these symptoms, even if they are mild:

- Book them a test by phoning 119 or visiting <https://www.nhs.uk/ask-for-a-coronavirus-test>
- Inform St Teilo's that they are unwell with COVID-19 symptoms and that you have requested a test by emailing headteacher@stteilos.com
- Your child should remain in self-isolation
- All other household members should isolate for 14 days from when your child developed symptoms
- Do not visit a GP surgery, pharmacy or hospital but if you require medical advice please contact NHS 111 or telephone your GP; if there is a medical emergency phone 999
- If you require medical advice for COVID-19 symptoms or another reason, please inform the healthcare worker that your child is a contact of a case of COVID-19 and in self-isolation
- Please follow the advice provided when your child receives their test result.

Further information on symptoms and self-isolation can be found here: <https://gov.wales/symptoms-and-self-isolation-contact-tracing>

For general information on COVID-19 please visit: <https://gov.wales/protect-yourself-others-coronavirus>

The COVID-19 online symptom checker can tell you if you need medical help and advise you what to do: <https://gov.wales/check-if-you-need-coronavirus-medical-help>

Should you have any queries, please do contact me directly by email at headteacher@stteilos.com.

I am very sorry that this isolation will affect your child's enjoyment of the half term break and I thank them for playing their part in keeping the community safe.

With every blessing,

Mr I Loynd
Headteacher
