

30 April 2022

Dear Parent/Carer,

GUIDED LEARNING PATHWAYS

Your Year 9 child is about to begin the exciting process of making choices regarding their programme of study in Key Stage 4. It is important for us all to work together to ensure that every student receives the appropriate balance of learning experiences that best meets their needs.

The journey will begin with a broadcast, aimed at both parents and young people, on Tuesday 3 May 2022 at 6.30pm. Following a presentation about the curriculum, the Headteacher will respond to any questions you may have. The broadcast can be accessed on Microsoft Teams by [clicking here](#) or by scanning the QR code below.

Following the broadcast, your child will have access to a range of opportunities in school including a launch assembly, presentations about subjects from teachers, advice and guidance from the wellbeing team and drop-in sessions with senior staff.

You are also able to access key information about subjects on our website to support discussions at home.

The deadline for the submission of your child's choices will be 18 May 2022. However, if you have any queries during the process, you are encouraged to contact Mrs Phillips, Achievement Leader, by emailing j.phillips@steilos.com.

As ever,

Mr I Loynd
Headteacher
